**This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, visit at my.breckpoint.com or call (844) 798-4878. For general definitions of common terms, such as **allowed amount**, **balance billing**, **coinsurance**, **copayment**, **deductible**, **provider**, or other underlined terms see the Glossary. You can view the Glossary at my.breckpoint.com or call (844) 798-4878 to request a copy.

| Important Questions | Answers | Why this Matters: |
|---|---|---|
| **What is the overall deductible?** | $9,100.00 individual participating providers<br>$18,200.00 family participating providers | Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible. |
| **Are there services covered before you meet your deductible?** | Yes. In-network preventive care (adult & child) | For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at **https://www.healthcare.gov/coverage/preventive-care-benefits/** |
| **Are there other deductibles for specific services?** | No | You don't have to meet deductibles for specific services. |
| **What is the out-of-pocket limit for this plan?** | $9,100.00 individual participating providers<br>$18,200.00 family participating providers | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| **What is not included in the out-of-pocket limit?** | Premiums; amounts over allowed amount; and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit. |
| **Will you pay less if you use a network provider?** | No. You may seek treatment from any licensed physician/hospital/provider of medical services of your choice and the Plan will pay benefits for covered expenses based upon an Allowable Charge. | This plan treats providers the same in determining payment for all services. |
| **Do you need a referral to see a specialist?** | No | You can see the specialist you choose without a referral. |

All **copayment** and **coinsurance** costs shown in this chart are after your deductible has been met, if a deductible applies. Maximum Allowable Charges (MAC) are used as the maximum allowable charge for all provider services. The fee schedule applies to provider billing codes (CPT's, DRG's, etc.) and will cover most charges made by providers. The reimbursement schedule is 125% of the Medicare reimbursement rate for physicians and 145% of the Medicare reimbursement rate for facilities. This means the reimbursement is set at 25% and 45% more under this plan than is paid for providing the same service to a Medicare patient. Any provider charge in excess of the MAC will not be a covered expense under the terms of this plan and will be the responsibility of the covered person. Allowable charges for covered services that do not have the Medicare equivalent pricing will be 45% of the billed charges.
